

Join a network built to strengthen Germany's economic future.

Membership in the German Private Institute for Economic Development gives your organization access to relevant insight, expert exchange and a nationwide circle of partners shaping competitiveness, innovation and transformation in practice.

Sharper orientation.
Stronger visibility.
Better access to the right partners.

The Institute connects companies, expert partners, associations, chambers and economic development organizations through formats that turn dialogue into practical momentum.

NEXT STEP

kontakt@diwf-institut.de

Send us a short note about the topic, sector or cooperation question that matters to your organization.

Understand change earlier

Members gain access to impulses, dialogues and expert perspectives on AI, skills, innovation, transformation and new competitive dynamics.

Expand your network with intent

Meet organizations facing similar challenges and partners who contribute relevant perspectives from expertise, practice and economic development institutions.

Make practical experience visible

Bring your organization's needs, insights and solutions into expert formats and economic development discussions.

WHO IT IS FOR

For organizations that want to help shape change.

- Companies, SMEs, industry, skilled trades and startups
- Research institutions, universities and transfer offices
- Associations, chambers, economic development agencies and public institutions

WHAT IT CREATES

Formats that turn exchange into practical relevance.

- Expert dialogues, working groups and company roundtables
- Practical impulses, publications and events
- Cooperation opportunities and stronger access to future-facing topics
